(Designation) President, District Board, South Kanara.

To The Secretary to the Government of Madras,

Public Health Department.

Madras.

Sir,

The proposal made by me in my letter Ref 5617/A2/36 dated 14.8.1936 is not a new one. The well in mile 15/4 of Road No 17 was included originally in Government Order No 2583 P.H. dated 3.10.1935. The change of site approved in Government Orde No 202 P.H.dated 17.1.1936 was on the same road, but was found not suitable subsequently by the ex-officio President during his personal inspection. Hence he desired to revert to the old sit at mile 15/4 and accordingly called for an estimate with a vie to its execution.

2. The month of March being most suitable for sinking wells in this district, the execution of the well ork in the original site was ordered in March last according to the estimate

received from the District Board Engineer, South Kanara. This has been done so that the grant may be utilised with advantage.

3. The Government Memorandum quoted in the Memorandum referred to above was received by me only recently and may not therefore be made applicable to the case in question.

4. In the circumstances stated above and in view of the fact that the work has already been commenced, I request that Government may be pleased to approve of the proposals contained in my letter dated 14.8.1936.

Your obedient Servant,

President

Order Ms. Resolution Rout. No. 1865 P.H, dated 7.X. 1936.

Item 9 under South Kanara Dist on p.6 of (W)

A sum of Rs. 1210/- was sanctioned in G.O. No. 2583 P.H. dated 3-10-1935 to the South Kanara Dist. Bd. for the construction of a well in mile 15/4 of Road No. 17. G.O. No. 202 P.H. dated 17-1-1936 reallotted a sum of Rs. 880 for the construction of a well in mile 17/4 of the same road from out of the above sum of Rs. 1210/. The P.D.B. now reports that the construction of a well at mile 15/4 of Road No. 17, estimated to cost Rs. 990/- is more suitable than the one at mile 17/1 of the same road and requests that his proposal may be approved. As it is reported that the well work
